Altronix®
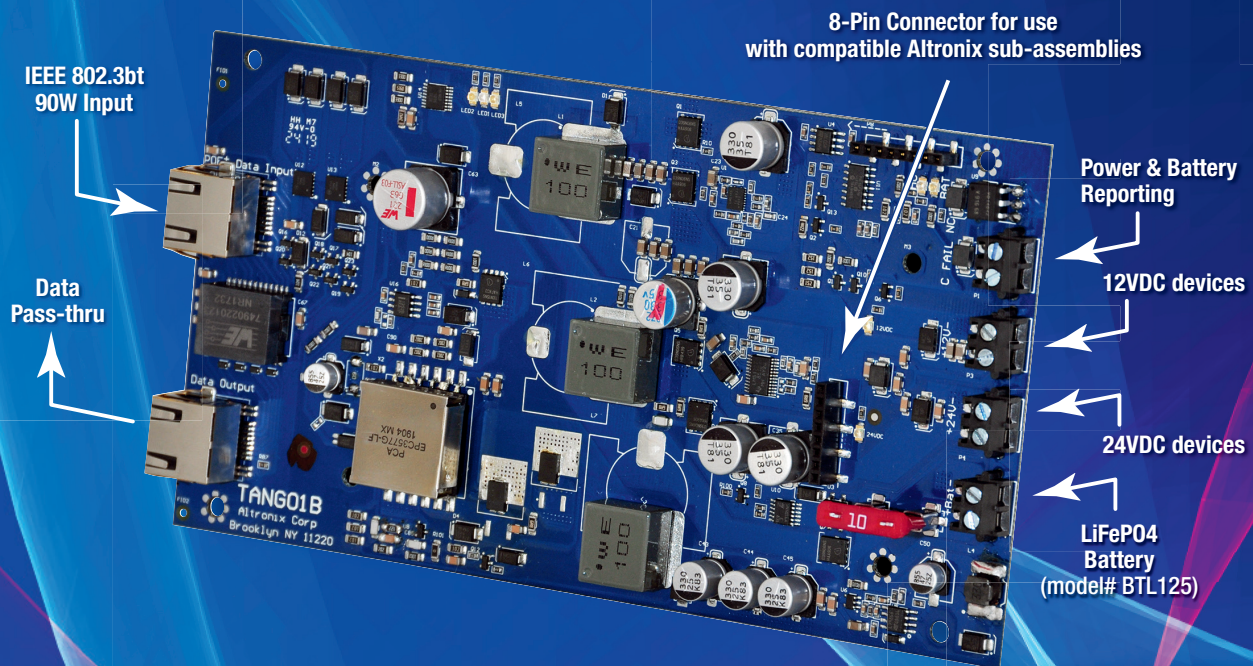

TANGO

Revolutionizing the Power of Access Control!

Now power your access system with 4PPoE, 802.3bt...

- Utilizes 4PPoE (802.3bt) to simultaneously deliver 12VDC & 24VDC (up to 72W)

- Eliminates the need for a licensed electrician, providing tremendous savings by using low-voltage installation and wiring methods

- Designed to stack with Altronix sub-assemblies, saving valuable enclosure space

- Operates with midspans such as NetWay1BT/4BT/8BT

- Customize your Trove access system with Tango

- Backed by a Lifetime Warranty

TANGO1B - PoE Driven Power Supply with Lithium Iron Phosphate Battery Charger

IEEE 802.3bt 90W Input

Data Pass-thru

8-Pin Connector for use with compatible Altronix sub-assemblies
