## **Altronix Partners with Hanwha Vision To Support New Access Control Offering**

Altronix Trove™ Access and Power Integration Solutions  
Simplifies configurations and installations of OnCAFE platform

**Brooklyn, NY** (January 28, 2026) – [Altronix](#), the recognized leader in power and data transmission for the professional security industry, has partnered with Hanwha Vision to support the company's recent launch of access control solutions. Altronix's industry leading Trove™ Access and Power Integration products are now the preferred power choice for the new Hanwha Vision OnCAFE access control platform. This seamless integration simplifies access system layout and wiring, reducing installation and labor costs.

“The Altronix partnership with Hanwha Vision further demonstrates our continued commitment to provide security system designers and installers with modern solutions offering the highest levels of performance, cost-efficiency and reliability that better protect their customers and assets,” said Alan Forman, President of Altronix. “We look forward to a long and successful relationship with Hanwha Vision.”

“Hanwha Vision selected Altronix as a partner due to the company’s proactive product development, unmatched technical support, and continued commitment to developing solutions that push access control and power integration forward,” said William Vallera, Product Manager at Hanwha Vision. “Altronix has demonstrated exceptional collaboration and responsiveness. This is why Hanwha Vision views Altronix as more than a supplier. The company is a true engineering ally, driving the next generation of access control, power, and enclosure solutions.”

Vallera adds that Altronix products are known for their proven performance and flexibility across a wide range of security applications. He noted that Altronix products are designed, engineered, and manufactured in the United States, reflecting the company’s ongoing dedication to reliability and customer trust. Altronix stands behind its products with a lifetime warranty.
