**New Altronix NetWay Adapter Powers  
Two Security Devices Simultaneously**

*NetWay3024P Provides 24VDC and PoE+ for Variety of Video and Access Applications*

NetWay3024P

**Brooklyn, NY** (October 17, 2023) – [Altronix](https://www.altronix.com), the recognized leader in power and data transmission products for the professional security industry, announces its new NetWay3024P compact PoE adapter. The NetWay3024P utilizes a PoE+ input, to provide simultaneous 24VDC and PoE/PoE+ over a single structured cable to a wide range of devices including PoE cameras, external microphones, sensors, control boards, switching equipment, and more.

“Security professionals and systems integrators are frequently asked to do more with less space, less time, and less resources,” said Ronnie Pennington, Director of Sales for the Americas, Altronix. “The NetWay3024P offers a compact, highly cost-efficient solution, delivering PoE+ and DC power to a wide range of security devices.”

With a focus on robust performance, scalability, the NetWay3024P offers more versatility for transmitting data and power to devices.

Key features and benefits of the NetWay3024P include:

- **Flexible Power Capability:** The NetWay3024P is engineered to deliver ample power to a variety of devices, supporting PoE+ compatible devices up to 30W, and converting PoE+ to 24VDC for myriad security applications.
- **Seamless Data and Power Transmission:** The NetWay3024P ensures reliable data and power transmission, passing PoE+ from any midspan, simplifying installation.

The NetWay3024P is TAA and NDAA compliant and backed by a lifetime warranty.
