**Support More Doors with  
New Altronix High-Capacity Trove™ Solution**

*Increase ROI, Saving Valuable Space*

**Altronix Trove3MBK3**

**Brooklyn, NY (August 12, 2021)** – [Altronix](https://www.altronix.com), the recognized leader in power and data transmission solutions for the professional security industry, announces a new Trove™ Access and Power Solution now available, which increases capacity to accommodate more Mercury access hardware with or without Altronix power from a single enclosure - saving valuable space.

“Our Trove access and power integration solutions make system configuration and deployment faster, easier and more profitable, without compromising quality or performance,” Ronnie Pennington, Director of Sales for the Americas at Altronix.

“This new Trove angled bracket system, adds to these benefits by supporting up to 36-doors without power or 24-doors with Altronix power and sub-assemblies from a single enclosure for the largest access control installations.”

The unique angle bracketed system provides a scalable option which allows system designers the flexibility to accommodate more Mercury access hardware, Altronix power and sub-assemblies all in one Altronix Trove3 size enclosures without the need for mounting hardware on the enclosure door.

- **Trove3MBK3** –
  - Trove3 enclosure with TMB3 Backplane and 36-BR3M angled brackets
- **Trove3MB3** –
  - Trove3 enclosure with TMB3 Backplane which accommodates Altronix BR3M brackets or DIN Rail (sold separately)
- **BR3M2PK** –
  - 2-Pack of Altronix Brackets for Trove3MB3 to customize your system

Trove™ access and power integration solutions with removable backplanes simplify board layout and wire management, allowing installers to easily configure and test systems prior to on-site installation. This reduces overall cost and enhances access control system installation efficiencies. These units include tamper switches, cam lock, along with all mounting hardware and accessories. Trove solutions are NDAA and TAA compliant.

Trove solutions are also compatible with authentic Mercury partners: AccessNsite, Avigilon, BadgePass, BluBox, Feenics, Genetec, Identocard, IMRON, Johnson Controls, Kastle, Keri Systems, LenelS2, LockState, Maxxess, Midpoint Security, NLSS, Open

Options, Panasonic i-PRO MonitorCast, Quintron, RS2, S2 Security, Schneider Electric, Vanderbilt and more.
